

# Year 3 to Year 6 weekly challenges

Choose a challenge to complete. You could also ask an adult to share your challenge on Twitter @Cornerstonesedu or Instagram @cornerstonesedu.

**Significance**

## **Special people**

Choose one or two people in your family or friendship group who are special to you. Take time to think about how they make you feel, what activities you do with them, how they have helped you, made you laugh and so on. Use these thoughts to write them a letter or poem, so they know how much they mean to you.

## **Hey, Mona!**

Find out about Leonardo da Vinci's portrait, *Mona Lisa*, probably the world's most famous painting. Why is it so famous? What has happened to the painting over the years? Which artworks have been inspired by it? Draw or paint a copy of this significant portrait and write an art gallery style label for it.

## **Capture the moment**

Take a series of photographs that capture this lockdown period. You could take some selfies showing the range of feelings that you have experienced, or scenes and activities that have become familiar to you. Use them as a record of this time to look back on when life gets back to normal.

## **Everyday inventions**

Use a safe web browser to find out how an everyday object was invented. Objects could include the remote control, ballpoint pen, paper clip and windscreen wipers. Write a report showing what you find, including key dates and events, the names of the inventors and the impact of their work.

## **Game changers**

Britain has produced many great athletes and sportspeople over the years. Can you find out about a significant person who has achieved great things in their sport? Who has 'changed the game', broken new records or supported upcoming competitors in their sport? Write a presentation about your chosen sports person.

## **Amazing Amazon**

Use online maps or an atlas to find out about this incredible world river. Draw a map to show the river's course from source to sea, labelling key features and the countries that it flows through. Add information to your map about the human settlements along the river. What do people use the Amazon for today?
