

How maestro helps you transform your curriculum

IS 676822

Design and lead with the **Cornerstones Curriculum**

Fully editable and sequenced primary curriculum for Nursery to Year 6. You can deliver the curriculum right away or take your time to make edits and adaptations for something more bespoke.

Comprehensive curriculum framework. Ensure that your curriculum is underpinned by an ambitious progression model that sets out all the skills and knowledge your children need to make progress.

Curriculum Statement and Pupil Entitlement creator. Use these tools to help you set out the overarching aims and ambitions for your curriculum.

Analyse and inspect with **CurriculumPRO**

Curriculum concept viewer. Interrogate the sequencing of curriculum concepts, seeing exactly how and where they are introduced, revisited and developed over the course of your whole curriculum at the click of a button.

Curriculum narrative. Subject leaders can become experts on the narrative and sequencing of subject skills and knowledge using this curriculum narrative tool.

Inspection support. Senior leaders can use all aspects of CurriculumPRO's functionality as a basis for inspection discussions and scrutiny. CurriculumPRO also makes it easy to demonstrate the overarching connections and interconnections of the curriculum.

Plan and teach

Adaptable lesson plans. Save time by using thousands of pre-populated lesson plans written by subject experts or quickly adapt them to meet the needs of classes or individual pupils.

High-quality lesson resources. Save time and ensure your curriculum is strengthened by using bespoke, high-quality resources written by subject experts and made specifically for individual lessons.

Flexible and shareable teaching timetable. Senior leaders can monitor curriculum delivery, and teachers can save time by sharing lesson plans and resources across teaching teams.

Assess and report

Fully integrated assessment. Save time and provide accurate teacher assessments across the whole curriculum.

Class and individual gap and progress analysis. Monitor actual curriculum impact on children's progression in knowledge and skills.

Subject and cohort reports. These are based on what has actually been taught and learned, giving you that crucial top view of the 'health' of your curriculum.

Support

Access to our high-quality training and support through our Help centre. Invaluable training videos and curriculum documentation are available online, any time you need them.

Free online support, via our live chat facility. Our friendly and expert curriculum advisers are waiting to take your curriculum questions every weekday from 8am-5pm. No question is too small.

Online or face-to-face professional development. Book your bespoke curriculum training with our curriculum advisers.

Additional benefits

Free access to the complete White Rose Maths schemes and key resources for Year 1-6, all made easier to plan, teach and assess on the Maestro platform.

Free SMSC and FBV schemes and supporting resources.

Free access to our online library of useful resources, including reading, maths and SPaG test materials plus display and reading packs.
