

How Cwricwlwm Maestro helps you transform your curriculum

IS 676822

Design and lead

Fully editable primary curriculum for all year groups, Nursery to Year 6. You can deliver the curriculum right away or take your time to make edits and adaptations for something more bespoke.

Comprehensive curriculum framework. Reassurance that your curriculum is underpinned by an ambitious progression model that sets out all the skills and knowledge your children need to make progress.

Cwricwlwm Statement and Experiences Editor. Use these tools to help you set out the overarching aims and ambitions for your curriculum while linking back to the Four Purposes and cross-curricular skills.

Additional benefits

Free access to the complete White Rose Maths schemes and key resources for Year 1 to Year 6. All made easier to plan, teach and assess on the Maestro platform.

Memorable experiences map. Available for free, this interactive tool shows you exactly what's in your area and what project it best links to.

Free access to our online library of useful resources, including free values-based schemes, reading, maths and SPaG test materials plus display and reading packs.

Plan and teach

Adaptable lesson plans. Save time by using thousands of pre-populated lesson plans written by subject experts or quickly adapt them to meet the needs of classes or individual pupils.

High-quality lesson resources. Save time and ensure your curriculum is strengthened by using bespoke, high-quality resources, written by subject experts.

Flexible and shareable teaching timetable. Senior leaders can monitor curriculum delivery, and teachers can save time by sharing lesson plans and resources across teaching teams.

Assess and report

Fully integrated assessment. Save time and provide accurate teacher assessments across the whole curriculum.

Class and individual gap and progress analysis. Monitor actual curriculum impact on children's progression in skills and knowledge.

Subject and cohort reports. These are based on what has actually been taught and learned, giving you that crucial top view of the 'health' of your curriculum.

Support

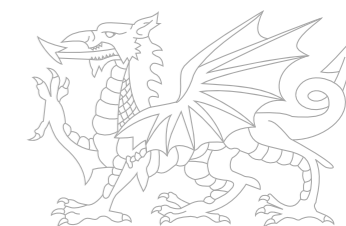

Access to our high-quality training and support through our Help Centre. Curriculum documentation available online, any time you need it. Invaluable training videos are coming soon!

Free online support, via our live chat facility. Our friendly and expert curriculum advisers are waiting to take your curriculum questions every weekday from 8-4pm. No question is too small.

Online or face-to-face professional development. Book your bespoke curriculum training with our curriculum advisers.
