

Winter quilling

You will need:

- quilling strips
- quilling tool
- glue

Method

1. Choose a selection of quilling strips.

2. Slide the end of the quilling strip into the slot at the top of the quilling tool.

3. Wrap the quilling strip around the tool until you come to the end of one strip.

4. Remove the coil from the quilling tool and glue the end of the strip to the coil.

5. Pinch the coil to alter the shape.

6. Use the shapes to form a winter pattern.
