

# Abstract art

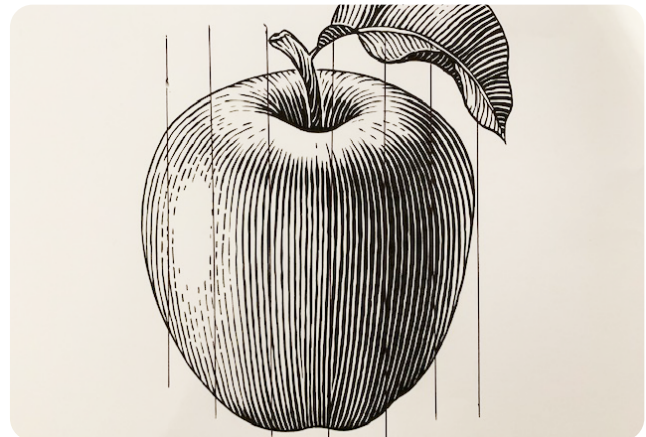

## You will need:

- observational drawing picture cards
- pencil
- ruler
- glue
- sketchbook
- scissors

## Method

1. Choose your favourite observational drawing picture card.

2. Use a pencil and ruler to divide the drawing into small component parts. These can be organic or geometric shapes or something more simple, such as strips.

3. Follow your lines and shapes to cut up the drawing.

slight distortion

greater abstraction

4. Use the component parts to refigure the drawing. You can choose to make a slightly distorted image or a more abstract composition.
